“We are not smoke and mirrors’, what you see is what you get. 

Honest endeavour on your behalf and we do not supply fluffy toys”
About Us

Courtprice Limited was formed in 1984 and to this day has remained totally independent of Banks, Building Societies or other Broking houses.

Our business has grown through acquisition or referrals from satisfied customers over many years. Many of our staff have been with the Company for more than 20 years. We firmly believe in treating our customers fairly.

Our success attributed to the fact that we would prefer to speak to you than send you an e-mail!

Where we are going

Our business philosophy has attracted the attention of several major affinity group customers, namely the Institute of Carpenters (a 10 year relationship), the Alliance of British Clubs (a 30 year relationship) and many other commercial clients with whom we have longstanding working arrangements.

We believe in using technology only to enhance the level of services we provide our clients. It is not a replacement for personal contact.
Taking you with us

If you are a member of one of our affinity groups, then most certainly the products we have available from various Insurers, will enhance the potential of your business both in terms of assets and liabilities.

Our understanding of construction – especially plumbing, heating, mechanical engineering and green energy solutions means that our pricing structures can be extremely competitive, whilst maintaining the high level of cover that our clients have become used to receiving.

If you like our philosophy, why not join us
